

2024 Schoolers Summer Camp Themes and Costs

June 3-7

Theme: Makerspace

This week of camp combines creativity and construction. Students will plan and build 3D objects using clay, wood, PVC and more.

June 10-14

Theme: Art and Lego Studio

This week campers will learn about different artists and types of art including different drawing techniques. We will also have a Lego art studio where campers can create using different art mediums.

June 17-21

Theme: STEM 360

Our campers will work together to solve problems by using science, math and technology. They will engage in exploratory activities to gain confidence in stem subjects.

June 24-28

Theme: Cardboard Innovations

We will use cardboard materials to let the student's imaginations shine bright. Campers will create cars, forts, costumes, houses using simple materials that they then get to play with during the week.

July 1-5

Theme: Tell you own Story

Campers will use their imagination, personal and cultural history to create stories through group projects, and peer interaction, in order to encourage positive relationships

July 8-12

Theme: Little Chefs

Campers will learn about measurement, following instructions and nutrition this week. Each day they will make a different recipe, taste test and enjoy new foods.

July 15-19

Theme: Mad Scientist

Campers will participate in science challenges and experiments each day. They will also create their own hypothesis, experiment and result this week.

July 22-26

MVP Sports

We will have a week filled with fun sports and competitions for campers of all skill levels to enjoy. Campers will enjoy hallway bowling, four square, relay teams, and an obstacle course.

This year we will have at least one fieldtrip per week, and specialist popping into class based on the theme. For example, we are having a special kid's chef come in the week of little chefs. We are confirming the fieldtrips for the summer now.

The cost per week is \$180.00 and this **includes** the field trips.

T-shirt fee is \$15.00

If you are an existing TES student no registration is required otherwise a \$100.00 registration fee applies.
